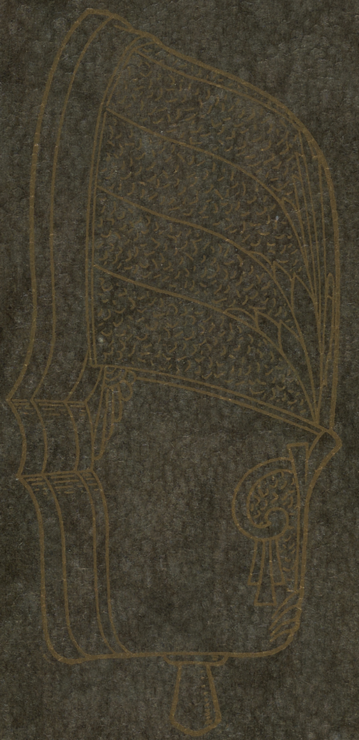
PORCELIER LIGHTING EQUIPMENT



PORCELIER MANUFACTURING COMPANY
GREENSBURG, PENNSYLVANIA

45817 786

Rakow Library
Corning
Museum of Glass

THE wide range of styles and decorations illustrated in this catalog represents the latest accomplishments in porcelain lighting fixtures. The colored illustrations will give you a vivid idea of how the fixtures really appear when finished.

The quality of the products shown are of the highest type. The finishes are practically everlasting and they remain in their original color and finish during the life of the fixture. No change in color, peeling, chipping or crazing is possible.

The colors will readily blend with modern home color schemes. The artistic decorations applied on the brilliant glazed surface of the fixtures create a most striking and rich effect. All colors are specially fired, which makes for permanence.

* * *

For your convenience these fixtures
carried in stock by
THE PROTECTIVE ELECTRICAL SUPPLY CO

PORCELIERS

ONLY Porceliers, made of high-grade porcelain, offer a complete variety of designs and color decorations.

RUST-PROOF, shock-proof, stain-proof, moisture-proof and sanitary.

COLOR decorations are original, artistic, individualistic and beautiful.

EVERLASTING—will not peel, chip, discolor, tarnish or craze.

LIGHTING with Porceliers enhances the beauty of their surroundings.

INTERIOR decorative schemes and decorated Porceliers readily blend.

EASY to install: construction of Porceliers simplifies installation.

REASONABLE prices bring Porceliers within reach of all home owners.
